

Michael Lucian Dumouchel

DNP, CRNA, NSPM-C

Great Northern Spine and Pain, PLLC

877 Bayview Drive, Polson, MT 59860
C: 760-415-3809 – Mike@greatnorthernspine.com
Website: GreatNorthernSpine.com

I am a licensed certified registered nurse anesthetist (CRNA) practicing anesthesia since 2011 with a subspecialty board certification in Non-Surgical Pain Management (NSPM-C) after completing a post-graduate fellowship in Advanced Pain Management. As of July 2026, there are only 244 CRNAs in the nation that hold the subspecialty credential of NSPM-C. This specialty certification allows me to provide various long-term therapies for pain relief to include radiofrequency ablations, nerve cyroneurolysis procedures and various other nerve blocks. I am an active member sitting on a national board panel. This panel (NSMP Standard-Setting Panel) develops national testing, qualification, skill and ability standards for CRNAs certified in advanced pain management. By virtue of my education, training, experience and participation in CRNA panels at the national level I am an ideal candidate to form an opinion with regards to the standard of care for both anesthesia and interventional pain related lawsuits.

EDUCATION

University of South Florida – Tampa, Fl 2021-2022
Advanced Pain Management Fellowship

California State University, Fullerton - Fullerton, CA 2012-2014
Doctor of Nursing Practice

California State University, Fullerton - Fullerton, CA 2009-2011
